

## CLIENT BEDBUG PREPARATION CHECKLIST

ALL procedures below need to be completed prior to Complete Pest Management coming in your home on day of bedbug treatment:

1. ALL personal items need to be removed from ALL furniture that is less than 10 feet away from sleeping area.
2. ALL personal items (clothes, shoes, stuffed animals, etc.), curtains, linens and bedding that can be placed in a heavy-duty trash bag; such as a black lawn trash bag<sup>9</sup> not a kitchen trash bag. Fill the bag no more than half full and tie it up. Keep bag tied up until items have been ran through the high heat cycle on your dryer. Once items have been ran thru dryer cycle, place items back in a new bag and tie bag back up until treatment has been completed.
3. Other personal items; such as, electronics, hair dryers, clocks, etc. must be placed in a heavy duty trash bag. Tie the bag up in a loose knot. These items will be fumigated during treatment- These items need to remain in the bag and stayed tied up for 4 days after the bedbug treatment.
4. ALL items (pictures, artwork, etc.) on the walls must be taken off the walls and inspected by the customer- If there is evidence of bedbugs, these items can be placed in the bag with the electronics.
5. Any furniture with padding more than 2 inches thick (chairs, couches, etc.) that are infested with bedbugs MUST be disposed of.
6. Mattress and box springs can be saved by encasing them in bedbug mattress and box spring covers. Complete Pest Management does have these items in stock in all sizes. ALL mattress and box springs MUST be disposed of prior to treatment or encased in —these covers.
7. ALL floors MUST be picked up and cleaned so that no trash is visible in every room.
8. ALL items removed and relocated in bags MUST remain quarantine in bags until all treatment is complete.
9. Please do not rush inspecting and removing (packing) items- The more thorough you are, the better job we can do in treating your home.
